Product Overview

Advanced Air Circulation

This household electric table fan combines a sleek, modern design with advanced airflow technology to enhance indoor air circulation. Featuring a quiet brushless motor, it offers stepless speed adjustments and a noise level under 59dB, making it suitable for both active living spaces and bedrooms. With a wind reach of up to 15 meters and extensive swivel capabilities, it ensures a comfortable breeze reaches every corner of your room.

Performance & Motor

Noise Level

59 dB(A)

Max Noise Level

Motor Type Brushless

Effective Wind Distance 15 m

Control & Operation

Control Methods App Control, Remote Control

Timer Range 1-7 Hours

Swivel Angle 180 degrees
