

# Household Exhaust Fan

This is a compact exhaust fan suitable for household use. It operates on 110V or 220V AC power and provides efficient ventilation.

## Product Overview

### Compact Ventilation Solution

The FR-1200D is a versatile exhaust fan engineered for effective air circulation in residential environments. Designed for reliability, this unit is suitable for spaces such as kitchens and bathrooms where moisture and air quality management are essential. Its compact construction ensures easy integration into existing home ventilation systems.

## Technical Specifications

Model Number	FR-1200D
Rated Voltage	110V AC, 220V AC

## Application

### Recommended Applications

- Kitchens
- Bathrooms
- General residential air circulation
