

HVAC Ball Valve with Compression Fittings

This brass ball valve is designed for HVAC&R applications. It features compression fittings for secure, leak-proof connections and is operated with a lever handle for easy on/off control of fluid flow.

Product Overview

HVAC Ball Valve with Compression Fittings

This high-quality brass ball valve is engineered for reliable performance in HVAC&R systems. Featuring a robust construction with compression fittings, it ensures secure and leak-proof connections for demanding fluid control applications. The valve is equipped with an intuitive lever handle for precise on/off flow management.

Technical Specifications

Pressure Rating

40 PN

Pressure Rating

Size

G1/2"

Materials and Finishing

Material

Brass Hpb57-3

Surface Treatment

Sand blasting, Nickel plating
