

HVLP Industrial Air Spray Gun

This HVLP air spray gun is designed for industrial applications requiring fine atomization and minimal overspray. It features adjustable fluid and air controls for precise application, and is suitable for a wide range of coatings including paints, lacquers, and varnishes.

Product Overview

Professional HVLP Spray Gun

This industrial-grade HVLP (High Volume Low Pressure) air spray gun is engineered for precision finishing and fine atomization. Designed for professional use, it features a robust suction-feed system and adjustable controls to ensure consistent application with minimal overspray. Ideal for applying paints, lacquers, and varnishes in demanding industrial environments.

Technical Specifications

Air Consumption

6 cfm

Air Consumption

Feed Type	Suction
Standard Nozzle	1.4 mm
Operating Pressure	3.5 bar
Pattern Width	200-290mm
Paint Capacity	1000 ml

Compliance & Packaging

Certifications	CE
Packaging	Color box
