Overview

Advanced Hybrid Mist Technology

This Hybrid Warm & Cool Mist Humidifier is designed for professional-grade air quality management, featuring a high-capacity 5L tank and dual-sterilization technology. It offers versatile operation with both 100°C thermal and UV sterilization to ensure a healthy environment. With a rapid mist output of up to 600ml/h, it efficiently maintains optimal humidity levels in diverse indoor settings.

Performance

Mist Performance

600 ml/h

Max Warm Mist

300 ml/h

Max Cool Mist

5 L

Tank Capacity

Health & Hygiene

UV Sterilization, 100°C Dual Sterilization, Healthy Humidification

Technical Specifications

Specification:

- Filling type: Top filling
- Size: 270*175*130 mm
- Rating power: warm mist 280W ; cool mist 25W
- Rating voltage: AC 100-120V or AC 220V-240V
- Frequency: 50/60Hz
- Max mist volume: warm mist: ≥350ml/h
Cool mist: ≥300ml/h
- Water tank capacity: 5 L
- Noise: ≤45dB
- Working environment : relative humidity ≥95%,
temperature: 5℃~45℃
- Power cord/plug : according to different countries' standards.

Detailed technical parameters including power ratings and mist output capacities.

Power Consumption

- Warm Mist: 280W
- Cool Mist: 25W

Input Voltage

AC 100-120V or AC 220-240V, 50/60Hz

Operating Noise

45 dB

Design & Features

Top Filling

Control Features

- Digital Humidity Display
- Auto Mode
- Sleep Mode
- Adjustable Mist Output
- Built-in Timer
- Safety Auto Shut-off

Logistics & Dimensions

SH8817

PACKING & LOADING	
Machine Dimension (mm)	L: 270 W: 175 H: 330
Giftbox Dimension (mm)	L: 313 W: 222 H: 383
Carton Dimension (mm)	L: 640 W: 455 H: 395
Weight per gift box (kg)	GW: 3.1 NW: 2.4
Weight per carton (kg)	GW: 13.2 NW: 9.6
PCS/Set/Gift box:	1 pc
Quantity per Carton	4 pcs / carton
Quantity per Container	1080 pcs / 20'F
Quantity per Container	2232 pcs / 40'F
Quantity per Container	2360 pcs / 40HQ
Lead time After Receipt of Order	45 days
Sample Lead-time	10 days
Origin	China
Existing Certificate	Shall be applied by the customer
	DEFAULT
Color Gift box	250 g + BE pit, the most 4 color printing
Carton	B/E paper weight 120g, septum weight 70g, no reinforcement
Logo Printing	Laser etching

Comprehensive logistics data including box dimensions and container loading quantities.

Packaging Details

Item	Dimensions (mm)	Weight (GW/NW)
Giftbox	313 x 222 x 383	3.1kg / 2.4kg
Master Carton (4 units)	640 x 455 x 395	13.2kg / 9.6kg

Container Loading Capacity

- 20' Container: 1080 units
- 40' Container: 2232 units
- 40HQ Container: 2360 units

Lead Times

- Order Lead Time: 45 days
- Sample Lead Time: 10 days
