

# Hydraulic Auger Attachment for Excavators

This hydraulic auger attachment is designed for excavators to provide efficient drilling. It features a robust hydraulic motor and auger with hardened cutting teeth.

Weight	103 kg	kg
LxWxH	2070×1060×440	mm
Dia of Auger	300	mm
Depth of Auger	1300	mm
RPM	55-65	rpm
Max Flow of Oil	70	L/min
Power	25	kw
Max Torque	1770	NM
Max pressure	19	MPa
Motor	BMSY106	

## ADDITIONAL IMAGES

## Overview

### Versatile Hydraulic Excavator Attachments

This range of hydraulic-driven attachments is engineered for versatility and durability across agricultural, municipal, and construction applications. Designed for seamless integration with farm loaders, mini excavators, and municipal vehicles, these units feature robust hydraulic drives for consistent performance. Whether for hole digging, mulching, or vegetation maintenance, these attachments offer a durable solution for demanding professional environments.

## Technical Specifications

Weight	103 kg
Dimensions (LxWxH)	2070 x 1060 x 440 mm
Auger Diameter	300 mm
Auger Depth	1300 mm

## Performance Metrics

### Key Performance Metrics

**1770 Nm**  
Max Torque

**25 kW**  
Power Rating

**19 MPa**  
Max Pressure

**70 L/min**  
Max Oil Flow

Operating RPM	55-65 rpm
Motor Model	BMSY106

## Compatibility & Features

### Mulching Capabilities

- Grass
- Canes
- Bushes
- Pruning up to 5 cm diameter

### Compatible Vehicles

Tractors, Farm Loaders, Mini Excavators, Municipal Vehicles

### Mounting Type

Euro-style mounting bracket
