

# IEC C14 Power Connector

This IEC C14 power connector is suitable for various electric appliances. It is designed with UL/CUL, VDE, SAA, CCC, and ASTA standards.

## Overview

### Reliable Power Connectivity

The IEC C14 power connector is a standard three-pin component designed for secure and reliable AC power transmission. It is widely used for connecting detachable power cords to electronic devices such as computers, monitors, and printers. Built with high-quality materials, this connector ensures safe and consistent performance across standard power applications.

## Technical Specifications

### Rated Current

**10 A**

**13 A**

Rated Current

**15 A**

Rated Current

### Rated Voltage

125V, 250V

### Model Number

XR-602

### Standard

IEC60320-C14

## Compliance & Quality

### Certifications & Approvals

UL • CUL • VDE • SAA • CCC • ASTA

## Logistics & Ordering

### Payment Terms

- T/T
- L/C at sight

### Port of Loading

- Shunde
- Guangzhou
- Shenzhen

### Minimum Order Quantity

1000 pieces
