

Illuminated LED Dressing Mirror

This dressing mirror features integrated LED lighting for even illumination. Its slim profile and reflective surface provide a clear and accurate reflection, ideal for dressing rooms or bedrooms.

Overview

Modern Illuminated Dressing Solution

This premium illuminated LED dressing mirror features a sleek, 25mm superthin design that seamlessly integrates into modern dressing rooms, bedrooms, or retail environments. Crafted with a 5mm copper-free, anti-corrosion mirror, it ensures long-lasting clarity and durability. The integrated LED lighting provides even, professional-grade illumination, making it an ideal choice for high-end styling and grooming spaces.
