

Impact Drill for Wood, Metal, and Concrete

This impact drill is designed for drilling into various materials including wood, metal, and concrete. It features a high-performance motor for efficient drilling and hammering action.

Overview

Professional Impact Drill

This robust impact drill is engineered for versatility, capable of handling drilling tasks in wood, metal, and concrete. It features a high-performance 810W motor and variable speed control, allowing for precise operation and consistent results. Designed for demanding environments, this tool includes ergonomic features to reduce user fatigue during extended use.

Performance

Rated Input Power

810 W

Input Power

Rated Voltage

230 V

No Load Speed

0-2800 rpm

Technical Details

Accessories Included

- 1 pc side handle
- 1 pc depth gauge

Chuck Size

13mm (partial metal chuck with lock)

Logistics

Packaging Specifications

Metric	Value
Quantity per Carton	10 Pcs
Gross Weight	24 kg
Net Weight	23 kg
Dimensions	41 x 32 x 52 cm
20ft Container Capacity	4170 pcs
