

Impact Resistant Safety Goggles

Protective eyewear shields eyes from impacts, dust, debris, and chemical splashes. The goggles feature a wraparound design for enhanced coverage and a comfortable fit.

Product Overview

Professional Impact-Resistant Eye Protection

These professional-grade safety goggles are engineered for high-impact environments, featuring durable polycarbonate lenses that ensure optimal clarity and protection. The lightweight, soft-frame design includes ventilation holes to prevent fogging and maintain comfort during extended wear. These goggles are CE EN 166 certified, making them an essential choice for industrial, construction, and laboratory safety applications.

Key Features

Material Composition

- High-impact polycarbonate lens
- Lightweight plastic frame
- Integrated vent-holes

Certifications & Standards

CE Approved, EN 166, Impact Resistant
