

In-Mold PC Shell Bicycle Helmet

This bicycle helmet features an in-mold PC shell with EPS liner for enhanced impact protection. It is equipped with 14 vents to provide optimal ventilation and keep the rider cool.

ADDITIONAL IMAGES

Product Overview

The fluid, aerodynamic design reduces drag while providing full head protection.

High-Performance In-Mold Bicycle Helmet

This professional-grade bicycle helmet features an advanced in-mold construction, fusing a durable PC shell with an impact-absorbing EPS liner for superior safety. Designed for versatility, it is suitable for road racing, mountain biking, and recreational use. The aerodynamic profile and integrated ventilation system ensure maximum comfort and performance during intense rides.

Technical Specifications

14 strategically placed vents provide optimal airflow to keep the rider cool.

Adjustable retention system ensures a secure and customized fit for different head sizes.

Ventilation

14 qty

Air Vents

Construction	In-mold PC shell with EPS liner
Weight	360 g
Size	L (58-61CM)

Design & Application

High-quality in-mold construction bonds the PC shell directly to the EPS liner for enhanced durability.

Key Features

- Super light and fluid model
- New high-quality coating
- Fashion-forward color schemes
- Aerodynamic design
- Adjustable fit system

Recommended Usage	Race, Road, Mountain, Pulley
Color Options	All colors available
