

Incandescent Light Bulb

This is an incandescent light bulb designed for general lighting. It provides a warm, yellowish light.

Overview

Classic Incandescent Lighting

This incandescent light bulb provides a warm, continuous radiation spectrum ideal for general lighting applications. With excellent color rendering capabilities and a classic design, it offers a reliable lighting solution. The bulb features a standard E27 base and is available in multiple power configurations to suit various requirements.

Technical Specifications

| | |
|-------------------|---------------------|
| Base Type | E27 |
| Available Wattage | 40W, 60W, 75W, 100W |
| Bulb Sizes | PS55, PS60, PS70 |
| Voltage | 110V, 220V |

Performance Metrics

Luminous Flux

1096 LM

Output

| | |
|----------------------------|---------------|
| Color Rendering Index (Ra) | 100 |
| Color Temperature | 2500K - 3200K |
| Light Efficiency | 9 - 34 lm/W |
| Average Lifetime | 1000 H |

Logistics & Packaging

Packaging Configuration

| Packaging Type | Quantity |
|----------------|----------|
| Color Box | 1 Pcs |
| Shrink Wrap | 10 Pcs |
| Carton | 100 Pcs |

| | |
|------------------------|------|
| Minimum Order Quantity | 40HQ |
|------------------------|------|
