

Inclined Screw Conveyor for Granular and Powder Materials

This inclined screw conveyor is designed for the efficient vertical transportation of granular and powder materials. Its stainless steel construction ensures durability and hygiene, making it suitable for integration with packaging machinery.

Product Overview

Automated Weighing and Packaging Solution

This high-performance automated weighing and packaging system is designed for the precise handling of granular and powder materials. It is suitable for a wide range of industries, including agriculture, food production, and chemical processing, handling items such as fertilizers, seeds, rice, and additives. Built for efficiency, the system offers adjustable speed and consistent accuracy to streamline your production line and improve overall output.

Suitable Materials

Pesticides, Fertilizers, Veterinary Medicine, Feed Premix, Additives, Detergent Powder, Salt, MSG, Chicken Powder, Sugar, Seeds, Rice

Technical Specifications

Model Comparison Table

Model	Weighing Scope (g)	Tolerance (g)	Speed (bags/min)	Weight (kg)
ZX-C0.25	30-250	d±2	22-15	98
ZX-C1	100-1000	d±2	25-18	120
ZX-C2	200-2000	d±4	25-15	150
ZX-C6	500-6000	d±8	20-11	150
ZX-C10	1-10kg	d±15	18-8	190

Power Consumption

250 W

Standard Power

350 W

High Capacity Power

Power Supply

220V / 50Hz
