

Indoor Ceiling Fan with Integrated Light

This ceiling fan is designed for indoor use and features five wooden blades. It includes an integrated light fixture with a frosted glass diffuser and a brushed metal finish.

Overview

Indoor Ceiling Fan with Integrated Light

This indoor ceiling fan combines efficient air circulation with integrated illumination, making it a versatile addition to any interior space. It features a durable design with five wooden blades and a brushed metal motor housing, ensuring both aesthetic appeal and long-term performance. The unit is equipped with a frosted glass diffuser for soft, even lighting and utilizes convenient pull-chain controls for easy operation.
