

# Indoor Ceiling Fan with Light

This ceiling fan provides air circulation and lighting for indoor spaces. In warm weather, clockwise rotation creates a cooling effect, reducing the perceived temperature.

## Product Overview

### Efficient Climate Control

This indoor ceiling fan with integrated light offers a practical solution for enhancing comfort while reducing energy consumption. By effectively circulating air, it creates a cooling wind chill effect that allows you to adjust your air conditioner settings, potentially saving up to 40% on energy costs. Designed with both aesthetics and functionality in mind, it provides essential lighting and climate management for any interior space.

## Energy Efficiency Analysis

### Daily Energy Savings Calculation

Metric	1P AC	2P AC	3P AC
Rated Power (W)	1200	2200	3100
Electricity Charge/Day (AC only)	7.68	14.08	19.84
Saving Electricity Charge/Day	2.622	5.182	7.486

## Design & Build

Finish	Antique Brass
Blade Material	Wood
Number of Blades	5
Lighting	Frosted glass fixture
Operation	Pull chain

## Usage
