

Indoor Ceiling Fan with Light

This ceiling fan provides air circulation for indoor spaces. In summer, clockwise operation produces a wind chill effect, creating a cooler environment.

Product Overview

Elegant Indoor Climate Control

This indoor ceiling fan combines classic aesthetic appeal with functional air circulation and lighting. Designed with five wooden blades and a sophisticated bronze finish, it enhances room decor while providing essential cooling. By utilizing the fan's clockwise operation during summer months, users can create a wind-chill effect, allowing for higher air conditioner settings and significant energy savings.

Energy Efficiency

Daily Energy Cost Comparison

Metric	1P AC	2P AC	3P AC
Rated Power (W)	1200	2200	3100
Electricity Charge/Day (AC only)	7.68	14.08	19.84
Saving Charge/Day (w/ Fan)	2.622	5.182	7.486

Energy Saving Potential

Using this ceiling fan in conjunction with air conditioning can reduce energy consumption by 40% or more by allowing for higher thermostat settings.
