

Indoor Digital TV Antenna

This indoor TV antenna has an ultra-slim design. It has a shiny black finish and a crystal blue power-on indicator.

Overview

High-Performance Indoor Reception

This indoor digital TV antenna offers a sleek, ultra-slim design with a glossy black finish that complements any modern living space. Engineered for superior performance, it receives clear Full HD and digital signals across both VHF and UHF bands. With features like a wide-band amplifier, retractable dipoles, and a swiveling loop, this antenna ensures optimal picture and sound quality for your local broadcasts.
