

Indoor Digital TV Antenna

This indoor TV antenna features a compact size and ultra-flat panel design. The attractive mirror and carbon fiber finishing allows it to blend seamlessly into any home.

Product Overview

High-Performance Indoor Antenna

This indoor digital TV antenna offers a sleek, ultra-flat panel design with an attractive mirror and carbon fiber finish. It is engineered to capture high-definition, local VHF and UHF signals to ensure reliable broadcast reception. Designed for modern homes, it includes a detachable amplifier for versatile signal management and flexible powering options.

Technical Specifications

Frequency Range

- VHF: 174-230MHz
- UHF: 470-608/698/790/862MHz

Performance Metrics

105 dBuV

Output Level

3.5 dB

Noise Figure

75 ©

Impedance

VSWR

Band	VSWR Rating
VHF	<2.8
UHF	<2.3

Power and Installation

Power Requirements	DC 5V/550mA
Compatible Power Sources	AC/DC adaptor, Digital receiver

Design Features

Design Style

Ultra-flat panel • Mirror finish • Carbon fiber base
