Product Overview

High-Performance Indoor Reception

This indoor digital TV antenna features a classic, fashionable loop design that integrates seamlessly into any home entertainment environment. Engineered for reliability, it provides stable reception for Full HD, digital TV, local VHF, and UHF signals. With built-in amplification and retractable dipoles, it ensures optimal signal capture while offering energy-saving features like an integrated on/off switch.

Key Features

Special Features

Integrated Loop Design, Built-in Amplifier, Retractable Dipoles, Energy-saving Switch, Full HD Support

Technical Specifications

Frequency Range

- VHF: 174-230 MHz
- UHF: 470-862 MHz

Performance Metrics

96 dBuV

Output Level

3.5 dB

Noise Figure

75 ©

Impedance

VSWR Rating

3 : 1

Power & Compatibility

Compatible Power Sources

- AC/DC Adaptor
- Coaxial Cable
- Digital Receiver

Power Requirements

DC 5V/550mA
