

Indoor TV Antenna with Adjustable Bracket

This indoor TV antenna features an ultra-flat design for discreet placement on top of TVs. The set-top bracket is adjustable to fit most flat panel TVs.

Product Overview

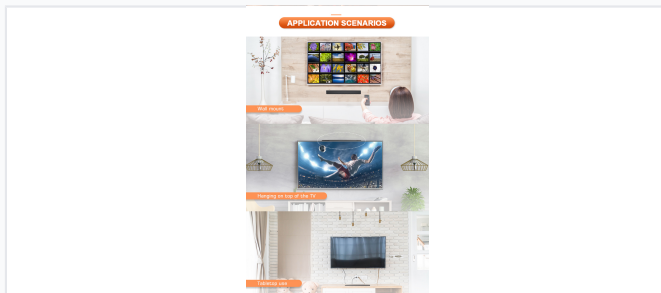

High-Performance Indoor TV Antenna

This ultra-flat indoor antenna is designed for seamless integration into modern home decor, offering a discreet profile that sits neatly on top of your television. It provides reliable reception for Full HD and digital TV signals, including local UHF and VHF broadcasts, while effectively filtering out 4G LTE and 5G interference for a crystal-clear viewing experience. With an adjustable bracket and versatile mounting options, this antenna ensures optimal signal positioning for any indoor environment.
