

# Indoor TV Antenna with Curved Design

This indoor TV antenna features a curved design to broaden the signal reception area. Its modern design seamlessly blends into any home decor.

## Product Overview

### Modern Curved Indoor TV Antenna

This indoor TV antenna features a creative curved design that blends technology with modern home aesthetics, functioning like an elegant wall light. The unique curved surface is engineered to broaden the signal reception area compared to traditional flat panels. It is a cost-effective solution for accessing high-quality over-the-air broadcast signals, including full HD and digital TV, without monthly cable or satellite fees.

## Technical Specifications

### Signal Protection

Blocks 4G LTE

### Key Features

**1 set**

Detachable Amplifier
