

# Indoor TV Top Antenna with Adjustable Bracket

This indoor TV antenna is designed to sit on top of the TV. Its ultra-flat design and adjustable bracket make it suitable for most flat panel TVs.

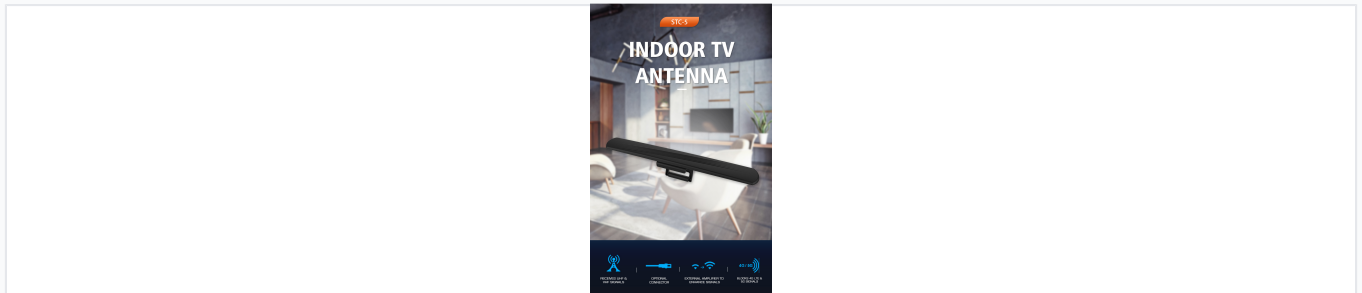

## Product Overview

### Modern Indoor TV Antenna

This ultra-flat indoor antenna is designed to be discreetly placed on top of your television, blending seamlessly with your home decor. It provides reliable access to full HD digital TV signals, including local UHF and VHF broadcasts, without the need for cable or satellite subscriptions. Featuring an adjustable bracket for versatile mounting, this antenna offers a practical, high-performance solution for clear and uninterrupted over-the-air viewing.
