

Industrial Abrasive Cutting Disc, 72 m/s Max Speed

This abrasive cutting disc is designed for high-speed cutting operations, with a maximum speed of 72m/s. It is constructed from durable materials, ensuring long-lasting and reliable performance in industrial settings.

Product Overview

Industrial Performance

This high-performance abrasive cutting disc is engineered specifically for demanding industrial cutting operations. Built for safety and efficiency, it supports a maximum operating speed of 72 m/s, making it suitable for a wide range of heavy-duty machinery. Its durable construction ensures consistent performance and longevity in professional environments.

Technical Specifications

Maximum Operating Speed

72 m/s
Max Speed

Model Identifier

27-A24P8BF

Application

Industrial, Cutting, High-Speed
