

Industrial Air Compressor

This air compressor is designed for industrial and commercial applications. It delivers high-pressure air for a variety of pneumatic tools and equipment.

Product Overview

Industrial Performance Compressor

This oil-belt driven industrial air compressor is engineered for reliability and high performance in demanding commercial environments. Featuring a 3HP motor and a 100L tank capacity, it delivers a consistent air flow of 400L/min, making it ideal for powering a wide range of pneumatic tools. Its robust construction includes essential safety features like thermal overload protection, ensuring consistent operation for both stationary and mobile applications.

Technical Specifications

Power Input	2200 W
Rated Voltage	110-120V/60HZ, 220-240V/50HZ
Maximum Pressure	8bar (115psi), 10bar (145psi)
Rated Speed	1100 rpm

Performance Metrics

Performance Highlights

400 L/min

Air Flow

100 L

Tank Capacity

3 HP

Horsepower

Logistics and Design

Physical Dimensions & Weight

Attribute	Value
Weight (Net/Gross)	80/85 Kgs
Packaging Dimensions	1070 x 380 x 780 cm
Lubrication Style	Oil-Belt driven

Warranty

1 Year Warranty

Place of Origin

Ningbo, China
