

Industrial Diamond Cutting Blade

This diamond cutting blade is designed for industrial applications. It features a durable diamond edge for efficient and precise cutting of hard materials and is suitable for use with angle grinders and other compatible power tools.

Product Overview

Industrial-Grade Cutting Performance

This industrial diamond cutting blade is engineered for precision and durability when working with hard materials. Designed for professional use, it features a robust diamond-coated edge that ensures efficient cutting performance. It is fully compliant with EN13236 safety standards, providing reliability for demanding industrial applications.

Technical Specifications

Blade Dimensions

115 mm
Diameter

22.2 mm
Bore Size

Blade Width

7.5 mm

Performance

Operational Limits

Metric	Value
Max RPM	13,300
Max Speed	80 m/s

Compliance & Packaging

Safety Standards

EN13236

Packaging

Color box
