

# Industrial Extension Cord Reel

This heavy-duty extension cord reel is designed for industrial and workshop applications. It features a robust frame and a durable winding mechanism for easy cable management.

## Product Overview

### Industrial-Grade Cable Management

This heavy-duty extension cord reel is engineered for demanding industrial and workshop environments, including construction sites and garages. It features a robust frame and a durable winding mechanism designed to prevent cable tangling and damage. With multiple grounded outlets, it provides a safe and efficient solution for powering multiple devices simultaneously.

## Technical Details

### Key Features

- Robust frame construction
- Durable winding mechanism
- Multiple grounded outlets
- Cable tangle prevention

<b>Model Number</b>	XM-PD50
<b>Recommended Applications</b>	Construction Sites, Workshops, Garages, Industrial Use
