

Industrial Fastener Assortment

This assortment provides a variety of high-strength fasteners for industrial applications. It includes bolts, nuts, and washers in multiple sizes and materials.

Overview

Industrial Fastener Assortment

This comprehensive assortment of industrial fasteners includes a wide range of bolts, nuts, and washers designed for demanding applications. Manufactured to meet international standards such as DIN, ISO, and ASTM, these components provide reliable performance in construction, automotive, and furniture assembly. Available in various high-strength grades and protective finishes, these fasteners are engineered to withstand rigorous industrial environments.

Technical Standards

Specific Component Types

- DIN931/33
- DIN960/61
- DIN934
- DIN125/27
- DIN6914/15/16
- DIN7990
- ISO4014/17
- ASTM A325
- ASTM A490
- ASTM A563
- ASTM F436
- ASTM A193 B7
- ASTM A194 2H

Supported Standards

DIN, ISO, ANSI, ASME, BS, AS, JIS

Material & Finish

Material

Carbon Steel • Alloy Steel

Available Finishes

Plain, Black Oxidized, Zinc Plated, Hot Dip Galvanized, Dacromet

Strength Grades

8.8, 10.9, 12.9, Gr5, Gr8

Logistics & Supply

Supply Ability

800 tons

Monthly Supply

Delivery Lead Time

7-30 days

Standard Packaging

25kg per carton, 36 cartons per pallet

Applications

Common Applications

- Building Construction
- Instrumentation
- Automotive
- Furniture Assembly
