

Industrial Floor Fan with Wheeled Base

This heavy-duty industrial floor fan is designed for powerful air circulation in large spaces. It features a robust metal construction with a circular fan cage and a sturdy wheeled base for portability.

Product Overview

Industrial Air Circulation

This heavy-duty industrial floor fan is engineered for powerful air circulation in large-scale environments. Built with robust metal construction and a protective circular fan cage, it ensures both durability and operational safety. Mounted on a sturdy wheeled base, this unit provides exceptional portability for use in warehouses, workshops, and factories.

Physical Attributes

Construction Material	Heavy-duty metal
Mobility	Wheeled base, Portable

Application

Recommended Environments

- Warehouses
- Workshops
- Factories
- Large industrial spaces
