

Industrial Fluid Transfer Pump

This industrial pump is designed for demanding applications, ensuring reliable performance in diverse settings. It features a high-capacity tank and a powerful motor for efficient fluid transfer.

Overview

Industrial Fluid Transfer Pump

This robust industrial pump is engineered for demanding applications, ensuring reliable performance across various industrial environments. Equipped with a high-capacity tank and a powerful motor, it delivers efficient fluid transfer capabilities. The unit features precise control mechanisms, including a pressure gauge and adjustable settings, while its wheel-mounted design ensures easy mobility and positioning within your workspace.

Key Features

Mobility

Wheel-mounted • Portable

Compatible Fluids

Oils, Solvents, Chemicals

Performance

Control Features

- Pressure gauge included
- Adjustable pumping settings
