

Industrial Gearbox for Power Transmission

This gearbox is designed for machinery and industrial applications. It features precision-machined gears and sealed bearings for smooth operation, ensuring efficient power transmission.

Product Overview

Industrial Power Transmission Solution

This industrial gearbox is engineered for efficient power transmission and durability in demanding environments. Featuring a robust construction with precision-machined gears and sealed bearings, it ensures smooth operation and reliable performance. Its compact form factor allows for easy integration into various industrial systems, including conveyors, pumps, and automated machinery.

Technical Specifications

Speed Reduction Scale	1:5
Wave Wheel Spline Size	9x9x12
Inner Gear Modulus	0.9M

Performance Metrics

Suitable Load Capacity

7 KG

Suitable Clothes Weight
