

Industrial High-Velocity Electric Fan

This high-velocity electric fan is designed for industrial and commercial applications. It features a durable metal frame and a powerful motor for efficient air circulation.

Product Overview

Industrial High-Velocity Performance

This high-velocity electric fan is engineered specifically for demanding industrial and commercial environments. Featuring a robust metal frame and a powerful motor, it ensures efficient air circulation in large spaces such as warehouses and factories. The design prioritizes safety with an integrated protective cage and offers versatile usage through its adjustable tilt functionality.

Technical Specifications

Construction Material	Durable Metal
Finish	Chrome

Features

Key Features	High-Velocity, Adjustable Tilt, Safety Cage, Industrial Grade
--------------	---

Applications

Suitable Environments

- Warehouses
- Factories
- Large Commercial Spaces
