

Industrial Hydraulic Trolley Jack

This heavy-duty hydraulic trolley jack is designed for industrial applications. It provides a safe and efficient method for lifting vehicles and equipment in automotive repair shops and industrial settings.

Overview

Industrial Hydraulic Trolley Jack

This heavy-duty hydraulic trolley jack is engineered for demanding industrial environments and professional automotive repair shops. Featuring a fast-lifting dual pump system, it provides efficient and reliable performance for lifting vehicles and heavy equipment. Its robust construction ensures stability and safety during maintenance operations.

Performance

Lifting Capacity	3 Tons
Mechanism	Fast lifting dual pump

Dimensions

Minimum Height	135 mm
Maximum Height	400 mm

Physical Attributes

Net Weight	29.3 kg
Packaging	Color box

Compliance

Certifications	GS Approved
