

Industrial Monitor SR-080C

The SR-080C is a compact and robust monitor designed for various industrial and commercial applications. It features a durable enclosure, a high-contrast display, and multiple input options.

Product Overview

Industrial-Grade Reliability

The SR-080C is a compact and robust monitor engineered for demanding industrial and commercial environments. Featuring a durable enclosure and a high-contrast display, it ensures reliable performance in space-constrained installations. This unit is specifically designed for seamless integration into control panels, interactive kiosks, and complex embedded systems.

Technical Specifications

Suitable Applications

- Control Panels
- Kiosks
- Embedded Systems

Display Classification	Industrial Compact Monitor
Key Features	High Contrast, Durable Enclosure, Compact Design
