

Industrial Pedestal Fan

This industrial pedestal fan provides powerful airflow for ventilation. It features a chrome-plated wire cage, adjustable height, and a stable circular base.

Overview

High-Performance Industrial Cooling

This industrial pedestal fan is engineered for robust airflow and reliable operation in demanding commercial environments. Featuring a heavy-duty, stable base and an adjustable-height pole, it provides versatile cooling and ventilation solutions for workshops, warehouses, and large spaces. The durable chrome-plated cage and high-velocity blade design ensure consistent performance and safety during continuous use.

Design & Build

Construction Materials	Chrome-plated wire cage, Heavy-duty metal, Industrial-grade plastic
Adjustability	Yes
Base Type	Circular weighted platform

Performance

Recommended Application

Commercial • Industrial • Ventilation

Blade Count	3
Blade Color	Black
