Product Overview

Industrial Pipe Flanges

These industrial pipe flanges are precision-engineered to provide secure, leak-proof connections for fluid and gas transfer systems. Manufactured to meet rigorous international standards, they ensure compatibility across a wide range of piping infrastructure. With options available in various high-grade materials and sizes from 1/2" to 48", these flanges are suitable for demanding environments including oil and gas, chemical processing, and water treatment.

Technical Standards

Available Materials

- ASTM A105
- ST37.2
- C22.8
- SS304
- SS316
- SS316L

Compliance Standards

ASTM B16.5, DIN, UNI, GOST, BS, JIS

Dimensions

Size Range

1/2 inch to 48 inch
