

Industrial Pneumatic Impact Wrench

This high-performance pneumatic impact wrench is designed for demanding industrial applications. Its ergonomic handle ensures comfortable operation and reduced fatigue, while adjustable power settings offer enhanced versatility.

Overview

High-Performance Pneumatic Impact Wrench

The LD-06 is a high-performance pneumatic impact tool engineered for demanding industrial applications. It features a robust construction to ensure durability and a long service life in harsh environments. Designed with operator comfort in mind, the ergonomic handle reduces fatigue during extended use, while its adjustable power settings provide the versatility needed for various fastening tasks.

Technical Specifications

Key Features

- Adjustable power settings
- Ergonomic handle design
- High impact energy output
- Robust industrial construction

Suitable Industries

Automotive Repair, Manufacturing, Construction

Power Source

Pneumatic (Air Compressor)
