Product Overview

Industrial Polyurethane Swivel Casters

These industrial-grade swivel casters are engineered for high-performance mobility in demanding environments. Featuring durable polyurethane wheels and corrosion-resistant zinc-plated steel brackets, they provide smooth rolling and reliable load-bearing capabilities. Designed as versatile spare parts, they are ideal for hand trucks, platform trolleys, and various industrial material handling equipment.

Technical Specifications

Wheel Size

100 mm
Diameter

32 mm
Width

Materials

Polyurethane Wheel, Zinc-Plated Steel Bracket

Swivel Design

Yes

Applications

Compatible Equipment

- Hand Trucks
- Hand Pallet Trucks
- Wheelbarrows
- Platform Trolleys
