

Industrial Pressure Washer

This heavy-duty pressure washer is designed for industrial and commercial applications. It features a robust engine, high-pressure pump, durable frame, pneumatic tires and versatile nozzle attachments.

Product Overview

Industrial Cleaning Performance

The ZSH100P/HDK004E is a heavy-duty pressure washer engineered for demanding industrial and commercial cleaning environments. Featuring a robust engine and a high-performance pump, it is designed to efficiently remove stubborn grime, dirt, and industrial debris. The unit is built on a durable frame with pneumatic tires, ensuring excellent maneuverability across various work surfaces.

Technical Details

Key Features

- Robust industrial engine
- High-pressure pump system
- Reinforced durable frame
- Pneumatic tires for mobility
- Multi-nozzle attachment kit

Model Identification

ZSH100P/HDK004E

Application

Application Areas

Industrial, Commercial, Heavy-duty cleaning
