

Industrial Rubber Drainage Mat

This durable rubber mat is designed for industrial and commercial use. It features a grid pattern with circular drainage holes to prevent liquid accumulation and provide a slip-resistant surface.

Product Overview

Industrial Rubber Drainage Mat

This durable rubber drainage mat is engineered for demanding industrial and commercial environments. Featuring a specialized grid pattern with circular drainage holes, it effectively prevents liquid accumulation while providing a slip-resistant surface. Constructed from high-quality, wear-resistant rubber, this mat is designed to withstand heavy usage in workshops, kitchens, and commercial areas, while also offering fatigue relief for those standing for extended periods.

Key Features

Surface Design	Grid pattern with circular drainage holes
Anti-Fatigue	Yes
Slip Resistance	Yes

Usage & Applications

Recommended Environments	Workshops, Commercial Kitchens, Industrial Facilities
--------------------------	---

Material & Durability

Material Quality

High-Quality Rubber • Wear-Resistant
