

Industrial Sandblasting Cabinet

This industrial sandblasting cabinet is designed for surface preparation and finishing. It features a fully enclosed booth with a viewing window and internal lighting for optimal visibility.

Product Overview

Industrial Table-Turned Sand Shower

This advanced sand showering equipment is specifically engineered for tepid silicasol pattern investment casting technology. Incorporating international technological standards with domestic industry requirements, this unit offers a highly efficient, energy-saving, and environmentally conscious solution for industrial surface treatment. Designed for consistent performance, it provides an ideal automated environment for complex casting patterns.

Technical Specifications

Rotational Speed

4 r/min

Min Speed

7 r/min

Max Speed

Sand Showering Area	600 x 700 mm
Power Rating	0.93 kW / 380V / 50Hz
Overall Dimensions	1300 x 1450 x 1980 mm

Compliance & Features

Key Operational Benefits	Energy Efficient, Environmentally Friendly, Advanced Casting Tech, Table-Turned Mechanism
