

Industrial Sewing Machine Needle Bar

This needle bar is designed for industrial sewing machines. It is constructed from high-strength steel and features dual needle mounting holes.

Product Overview

Precision-Engineered Needle Bar

This industrial sewing machine needle bar is precision-engineered to deliver consistent, high-quality performance in demanding garment and textile production environments. Constructed from high-strength steel, it is built for durability and long-term reliability. The component features a dual needle mounting design, ensuring secure needle placement and smooth, precise movement during operation.

Technical Specifications

Mounting Type

Dual Needle Mounting

Material

High-strength steel

Compatibility

Industrial Sewing Machines, Garment Machinery, Textile Accessories

Performance Metrics

Performance Features

- Precision-engineered for consistent stitching
- High-strength steel construction for durability
- Secure dual-needle placement
- Smooth and reliable vertical movement
