

Industrial Wall-Mounted Fan with Wire Cage

This heavy-duty industrial fan is designed for wall mounting. It features aerodynamically optimized blades and a robust wire cage for safety and durability.

Overview

Industrial Air Circulation Solution

This heavy-duty industrial wall-mounted fan is engineered for efficient air circulation in demanding environments such as factories and warehouses. It features a robust wire cage for enhanced safety and durability, ensuring reliable operation over long periods. The unit is equipped with aerodynamically optimized blades to maximize airflow and includes an adjustable mounting bracket for flexible positioning.

Performance

Ideal Environments

Factories, Warehouses, Industrial Facilities

Design & Build

Safety Features

Protective Wire Cage • Heavy-Duty Construction

Mounting

Wall-Mounted with Adjustable Bracket
