

# Industrial Water Chiller 0.8kW

This water chiller provides cooling for industrial applications. It has a cooling capacity of 0.8kW and a temperature stability of  $\pm 0.3$ .

## Overview

### Industrial Precision Cooling

This industrial water chiller offers a robust 800W cooling capacity with high-precision temperature control within  $\pm 0.3$ . Engineered for reliability, it efficiently dissipates heat generated by laser devices through an advanced compressor refrigeration cycle. Its user-friendly design ensures easy installation and operation, making it an ideal choice for high-demand industrial cooling applications.

## Performance Metrics

### Cooling Capacity

**800 W**

Cooling Capacity

**0.3**

Temperature Precision

## Technical Data

### Fluid System

Parameter	Details
Refrigerant	R-134a
Tank Capacity	6L
Max Flow	10L/min - 16L/min
Max Lift	10M - 25M

### Pump Power Options

- 0.03 KW
- 0.051 KW
- 0.1 KW

## Physical Dimensions

### Weight and Dimensions

Metric	Value
Net Weight	24 kg
Gross Weight	27 kg
Device Dimensions (LxWxH)	58 x 29 x 47 cm
Packing Dimensions (LxWxH)	70 x 43 x 58 cm

## Compliance

Certifications

CE, RoHS
