Overview

Heavy-Duty Industrial Bench Vise

Engineered for both industrial and demanding DIY applications, this bench vise features a robust construction made from high-strength ductile iron with a 60,000 PSI rating. Its fully enclosed design protects internal mechanisms from dirt, water, and rust, ensuring long-term reliability in workshop or outdoor environments. Equipped with a large anvil and versatile swivel base, it provides the stability and flexibility required for grinding, cutting, and precision clamping tasks.

Technical Specifications

Clamping Force

45 KN

Clamping Force

Jaw Dimensions

Specification	Value
Jaw Width	150 mm
Jaw Opening	178 mm
Throat Depth	97 mm

Pipe Clamping Range

13.5 - 88 mm

Construction & Materials

Material	Ductile Iron (QT450-12)
Surface Finish	Powder Coated
Key Features	Swivel Base, Large Anvil, Corrosion Resistant, Replaceable Steel Jaws, Enclosed Mechanism

Logistics

Weight

- Gross Weight: 19 kg
- Net Weight: 18 kg

Carton Dimensions

45 x 20 x 24.5 cm
