

Interactive Digital Display Panel

This interactive digital display panel is available in 55-inch and 65-inch screen sizes. It is designed for use in classrooms, conference rooms, and other collaborative environments.

Overview

Interactive Intelligent Panel

This interactive intelligent panel is designed to serve as a versatile solution for modern collaborative environments, including classrooms and conference rooms. Available in 55-inch and 65-inch configurations, the display features a slim bezel design that maximizes screen real estate for presentations and interactive content. Its robust construction and mobile stand integration ensure it can be easily repositioned to suit different meeting or teaching needs.
