Overview

High-Capacity Intercity Passenger Coach

The ZK6128HC coach is a professional-grade passenger transport vehicle engineered for comfort and reliability on long-distance routes. Featuring a powerful 8.9L diesel engine and robust air suspension, it provides a stable and efficient journey for up to 49 passengers. This model integrates essential modern amenities, including a high-capacity climate control system and an onboard multimedia experience, making it an ideal choice for tourism, public transit, and charter services.
