

Internal Mini SAS SFF-8087 Connector

The Mini SAS connector is designed for mini SAS internal interconnect applications. It is a 36-pin connector with a plastic locking interface compatible with internal connections.

Product Overview

High-Performance Mini SAS Connectivity

This Internal Mini SAS SFF-8087 cable provides a professional-grade connectivity solution for enterprise storage and networking environments. It is fully compliant with the SFF-8087 standard and supports both SAS 3.0 at 12Gbps and PCIe 3.0 at 8.0GT/s. Engineered for versatility, these cables are available in both loose and ribbon configurations to suit diverse server and storage architecture requirements.

Technical Specifications

Impedance Options

- 85 ohm
- 100 ohm

Standard Compliance

SFF-8087

Performance Metrics

Data Transfer Performance

12 Gbps

SAS 3.0 Speed

8 GT/s

PCIe 3.0 Speed

Target Applications

Interface Compatibility

SAS • SATA • PCIe HBA

Supported Environments

Switch, Router, Servers, Storage, RAID Systems, DAS
