Overview

Industrial-Grade Illumination

This IP65 rated LED high bay light is engineered specifically for demanding industrial environments such as factories and warehouses. Featuring a robust, waterproof construction, it ensures reliable performance even in damp or wet conditions. The integrated lens design optimizes light distribution, providing uniform and efficient illumination for large indoor spaces with high ceilings.

Key Metrics

Lumen Output

12000 LM
Luminous Flux

Input Voltage

200 V
Min Input

240 V
Max Input

Technical Specifications

Ingress Protection

IP65

Model Identifier

UFO-EK-100

Suitable Applications

Factory, Warehouse, Industrial, High Ceiling

Features

Key Features

- Waterproof construction for damp environments
- Integrated lens for focused, uniform light distribution
- Glare reduction technology
- High energy efficiency
- Durable industrial-grade build
