

IP65 Waterproof Momentary Push Button Switch

This IP65 waterproof momentary push button switch is made from metal. It is designed for use in applications requiring temporary activation.

Product Overview

Industrial Momentary Push Button

The XDL21-BL3361 is a high-performance momentary push button switch engineered for industrial control circuits. Constructed with a durable zinc alloy body and high-grade anti-flame plastics, it provides reliable operation in demanding environments. Its IP65 waterproof rating ensures excellent protection against dust and water, making it an ideal choice for distribution cabinets, control panels, and power stations.

Technical Specifications

Electrical Ratings

660 V

Rated Insulation Voltage

10 A

Heating Current

6 kV

Impulse Withstand Voltage

Mechanical and Electrical Life

Type	Mechanical Life	Electrical Life
Pushbutton	1,000,000 cycles	5,000,000 cycles
Selector Switch	500,000 cycles	250,000 cycles

Installation Parameters

- Mounting Diameter: 22mm
- Front Diameter: 29.5mm
- Panel Thickness: Up to 5mm
- Total Height: 49mm

Environmental Resilience

IP65 Waterproof, -5°C to +55°C Operating Temp, Anti-vibration, Anti-impact, Anti-flame

Compliance

Standards and Compliance

CE • ISO 9001 • RoHS • UL • IEC 60947-5-1 • GB/T14048.1
