

iPod Docking Speaker System

This compact speaker system features an integrated iPod dock. It provides stereo sound output and is compatible with various iPod models.

Product Overview

Compact iPod Docking Speaker System

This versatile audio solution integrates an iPod docking station with a high-quality amplified speaker system. It provides a convenient hub for charging your device while delivering dual 2.5W stereo sound, and features an auxiliary input for compatibility with other external audio sources like PCs. Designed for personal listening, it also includes an integrated FM radio and a dedicated remote control for easy operation.
